Equipment

2 State of the art air ram systems:

High tech electronic control box
Smoothest arc of acceleration available
Heavy duty fabrication
Exclusive buttonless standing launch mode.*
Super safe, redundant, armored micro switches.*
Adjustable for weight for maximum safety and comfort (no hair triggers)
At optimal settings these systems will launch a person 25' distant at a height of almost 10'

Multi-stage High level 20' x 20' x 10' air catcher system for falls up to 100 feet:

5 chamber primary stage*
Super soft catch zone
Special internal baffle system significantly reduces the risk of airbag malfunctions due to off center landings*

Decelerator system:

Can stop a falling body at a precise distance from the ground without injury to performer
Small footprint
Redundant double line safety backup*
Completely gravity dependent operation. No electronics or braking systems.

Ratchet system:

Delivers a consistent pull for up to 14 feet
Freestanding design can be used almost anywhere*
Completely adjustable distance

Automotive Pipe Ramp:

Adjusts 18 degrees
Super heavy duty construction
Adjustable kicker

Multiple pads and mats

Complete fire suit w/air system and Stunt Gel

Australian string bed folding trampoline

Australian string bed mini trampoline

Harnesses and automotive belts

Fabrication facilities available

SCUBA - rescue certified

If we don't have it, we can build it.

*** patents pending**
