Completion certificate

Intro to Working with weapons/swordplay

Intro into the world of Rigging & Wire-Work

Catcher systems i.e. shortfall breaks, box catchers, porta pits, air bags .

Intro to working with fire and explosives

This is merely a template guideline for the program and for customization depending on the participants current skill sets and areas of instruction desired.

This program is designed to equip new stunt performers with proper safety techniques and current stunt standards and practices in order for them to have a solid foundation from which to launch a career in the motion picture stunt industry. The skill sets emphasized are the "Bread and Butter" skills needed to acquire entry level stunt positions and prevent injury to performer and those around him/her.
